May 5, 2021

Dear Parents & Guardians,

On March 31, 2021, our district sent a letter to all parents announcing the New Jersey Student Learning Assessment Spring 2021 English Language Arts, Math, and Science Assessments for Grades 3-12. Administration of the Spring 2021 NJSLA for those subject areas is canceled. The New Jersey Department of Education (NJDOE) will release Start Strong Assessments that will begin on September 13, 2021. The United States Department of Education did not waive requirements to administer ACCESS or DLM testing. Therefore, ACCESS and DLM administration will continue, with the administration window from April 5 to June 11, 2021. The NJDOE will be providing more information and guidance regarding the Start Strong Assessments shortly.

Sincerely,

Dr. Christina Otuwa,  
Assistant Superintendent
