

Dear Parent/Guardian:

**THIS LETTER IS REGARDING ATHLETIC PHYSICALS AND IS VERY IMPORTANT.
PLEASE READ IT CAREFULLY.**

I am writing in regard to the state requirements for athletic physicals for Pleasantville Public School athletes. As required by State code (N.J.A.C. 6A:16-2.2[b]), student medical examinations must be conducted at the medical home (family doctor's office) of the student and a full report must be given to the school. If a student does not have medical insurance, the school's athletic physician is required to provide this examination at his/her office or other appropriately equipped facility. The medical examination (N.J.A.C.6A:16-2.2[h]), must include a determination concerning the student's participation. **In summary, the Athletic Department of Pleasantville Public Schools will now require that all athletic physicals be performed at the athlete's medical home (family doctor's office), unless the athlete does not have medical insurance.** Once this physical has been performed, the examination report must be submitted to the Pleasantville Athletic Trainer for the school's athletic physician to review for approval/denial of athletic participation.

THE ENCLOSED FORMS MUST BE USED
