5. Resolution to approve Underwater Robotics Program for Middle School 8th grade and the G&T students. Middle School science and G&T teachers will identify students to participate in the Underwater Robotics program in conjunction with Atlantic City Schools and Ocean Side Charter School sponsored by Dr. Bunting of American Engineers in partnership with Pleasantville Schools. The Under Water Robotics materials and training is free. Transportation to Gardner's Basin at least four times will be needed at a cost of \$1,000.00 (\$250.00 per trip) and one trip to Philadelphia for competition at a cost of \$450.00. (Transportation may be combined with other school districts) The total cost of the program is not to exceed \$1,450.00 utilizing account # 15-000-270-512-0000-055.

6. Resolution to approve Re-investing in Re-cycling for Pleasantville Public Schools. This program will kick-off all schools' mandatory re-cycling program for the 2011 school year with the support of Mr. Dennis Mulvihill, Mr. William Marsh, ACUA, Mr. Marlon Hargis, and Ms. Lisa Levitt's G&T program at Middle School in addition to all staff, custodians and maintenance. The cost of this program will not exceed \$500.00 (7 schools @ \$71.42 per school), for the District, for the purchase of additional cans for recycling at each school utilizing account # 11-000-262-610-0000-352.

7. Resolution to approve acceptance of the GEAR UP program for September 6, 2011- August 30, 2012 for the Middle and High School of Pleasantville from Atlantic Cape Community College. The GEAR UP program has a budget of \$488,780.00 for the districts of Atlantic City and Pleasantville to service 160 students from six schools. Fifty (50) students will be able to participate from grades 6-12; thirty (30) students from the Middle School and twenty (20) students from Pleasantville High School. Activities include financial aid and postsecondary workshops, tutoring, college visits, academic-focused field trips, academic advising with students and parents, awards ceremony for students and parents, twenty (20) campus or school-based sessions.

Institutional support (approximately \$78,000 in-kind nonfederal matching dollars) and support from partner non-profit organizations and schools (approximately \$141,000 in-kind nonfederal matching dollars) indicates that Atlantic Cape Community College and external sources have committed facilities, equipment, personnel, and other resources necessary to supplement the grand and enhance project services. Evidence of this matching resource commitment is provided through the Partner Identification Forms/Cost Share Worksheets. These forms include appropriate signatures for each school or partner that is contributing to the institution's match, including Atlantic Cape Community College (the applicant institution).
