Trenton, NJ 08625

Re: Inspection Number 1285022

The hazard referenced in Inspection Number 1285022 for violation identified as:

Citation 1 and item 1 was corrected on March 3, 2018 by: Contracting with Coastal Environmental to conduct the 2-year HAZCOM refresher training on April 9, 2018 the day the district returns from Spring Break.

Citation 2 and item 1 was corrected on March 1, 2018 by: Designation mark Delcher, Director of Operations as the person who is responsible for ensuring compliance with RTK and IAQ provisions

Citation 2 and item 2 was corrected on February 27, 2018 by: Contracting with Coastal Environmental to draft and disseminate IAQ Plans for each school. These plans are also located on the district website.

Citation 2 and item 3 was corrected on February 20, 2018 by: Replacing any stained ceiling tiles. Kowalski Roofing was also hired to repair roof.

Citation 2 and item 4 was corrected on February 20, 2018 by: Creating a filter replacement log and a log to record any PM on the HVAC system in the IAQ books maintained at the school. The district also contracted with McClosky Mechanical to handle all PM for the HVAC system.

I attest that the information contained in this document is accurate.
