

NJ Department of Children and Families

CHILDREN'S SYSTEM OF CARE (CSOC) MEDIA KIT

On **WEDNESDAY, MARCH 17, 2021**
NJDCF is launching a campaign
to promote **Children's System of Care**
and the behavioral & mental health services
available to families throughout NJ.

BACKGROUND

Kids, teens and young adults are coping with a lot, from uncertainty associated with the COVID-19 pandemic to the social impact of civil unrest and protests. On top of the general challenges that come with growing up, many young people are feeling heightened senses of anxiety, depression and loneliness. For some, this can lead to extreme behavioral changes – like acting out, substance use or running away from home.

DCF's Children's System of Care (CSOC) provides children & adolescents with coordinated access to mental health supports, substance use treatment & services for intellectual or developmental disabilities.

SOCIAL MEDIA CAMPAIGN

We're asking for your help to spread awareness about DCF's Children's System of Care (CSOC), so that families throughout the state can learn about and access the services available to them. Below are links to graphics and a new PSA promoting CSOC's services, suggested post copy for social media and flyers that can be shared digitally or printed out for display.

Please join us in sharing the below materials, regularly, across your social media accounts, via email, websites, newsletters or blog posts.

Remember to use #CSOC whenever possible and tag DCF in any posts using the handles below. Thank you for helping us keep NJ families safe, healthy & connected!

KOREAN – TEEN:

어린이, 청소년 및
청년들은 많은 문제를 겪고
있습니다.

각 발달 단계를 놓치고
학교 생활, 친구들과
나누는 시간을
그리워하기도 합니다.

6개월 이상 일반적이지
않은 행동이 지속되는 것을
발견하면, 도움이 필요한
상황일 수도 있습니다.

뉴저지 어린이 보호
시스템에 전화하여 도움을
요청하시기 바랍니다.
