

8th Grade Early College/NJHS 2023 ESWA Service Project

The 8th grade Early College students, completed their second service project of the year. Over the past month and a half, students and staff donated over 300 toys and non-perishable items to the Eastern Service Workers Association (*ESWA*) for their annual holiday party. The items collected will benefit low income workers of Pleasantville and their families this holiday season.

This past Saturday, December 16th, 20 of our students assisted the members of the *ESWA* with distributing the donated toys and non-perishable items, assisted young children with creating holiday themed arts and crafts, as well as helped to prepare and serve dinner to the families who attended the holiday party. One of our students even won a brand new bicycle!!

Everyone in attendance was in awe of the behavior, generosity, and helpfulness shown by our students. The members of the *ESWA* expressed their appreciation for our student helpers and their donations by entering each student in a drawing for special, hand picked, prizes.

Overall, the project was a huge success!
Thank you to everyone who contributed!
