Chromebook/iPad Care Recommendations

General Chromebook/iPad Care Recommendations

- Students, or where age-appropriate the student's parent, are expected to take appropriate care of their Chromebooks/iPads during the time assigned to them. It is the student's and/or parent's responsibility to ensure that his/her own Chromebook/iPad is functioning properly.
- For prolonged periods of inactivity, you should shut down the Chromebook completely before closing the lid. This will help conserve the battery.
- Chromebooks should be shut down properly each night. Do not just shut the lid. Updates continuously occur and therefore the machine must be shut down each day to receive them.
- When using the Chromebook/iPad, keep it on a flat, solid surface so that air can circulate (For example, using a Chromebook/iPad while on a carpet or bed can cause damage due to overheating).
- Liquid, food, and other debris can damage the Chromebook/iPad. Avoid eating or drinking while using the Chromebook/iPad.
- Take extreme caution with the screen. The screens are susceptible to damage from excessive pressure or weight. In particular, avoid picking up the Chromebook by the screen or placing your finger directly on the screen with any force. Make sure all items are removed from the keyboard before closing the lid (for example earbuds or pencils).
- Never attempt to repair or reconfigure the Chromebook/iPad. Under no circumstances are you to attempt to open or tamper with the internal components of the Chromebook/iPad. Please contact your child's teacher or technology coordinator with any concerns.
- Take care when inserting cords, cables, and other removable storage devices to avoid damage to the Chromebook/iPad ports.
- Exposing your Chromebook/iPad to extreme temperatures, direct sunlight, freezing temperatures, or ultraviolet light for extended periods of time will cause damage. Do not leave in a vehicle overnight. Freezing temperatures can cause the screen to break.
- A label has been applied to your Chromebook/iPad for ID purposes. Please do not place additional stickers/items on the computer. Remember the Chromebooks/iPads are the property of the Pleasantville School District.
- Keep your Chromebook/iPad away from magnets and magnetic fields, which can corrupt your data. This includes but is not limited to large speakers, amplifiers, transformers, vacuum cleaners, and older television sets.
- Refrain from leaving your Chromebook/iPad in potentially hazardous places where it may be accidentally stepped on, dropped, spilled upon. etc. If you carry your Chromebook/iPad in a bag, do not throw or drop the bag.

Acceptable Use

- The Pleasantville School District [Acceptable Usage Policy](#) states that students are expected to comply with ethical-use guidelines and abide by the federal copyright laws.

Passwords

- Students will log in under their district-assigned Google usernames and passwords. Students will not use their personal Gmail account to log in. Students will not share their password with other students including siblings.

Email and Internet Use

Email accounts are provided by the school. Email correspondence will be utilized for educational purposes only. Electronic communication coming from or going to the school issued Chromebook/iPad can and will be monitored to make sure the terms of the agreement are being followed. Digital communications etiquette is expected by all students using all school provided communications accounts, sites, or applications including but not limited to wikis, blogs, forums, interactive video conferencing, podcasts, online training, online courses, and online collaboration sites.

Filtering not only restricts access to unacceptable sites but also restricts access to inappropriate materials of all kinds. Pleasantville School District cannot guarantee that access to all inappropriate sites will be blocked. No filter is as reliable as adult supervision. It is the responsibility of the student to appropriately use the Chromebook/iPad and the Internet and the parent to

monitor their usage. Pleasantville School District will not be responsible for any harm suffered while on the Internet.

Students and/or parents are required to notify building personnel if they access information or messages that are inappropriate, dangerous, threatening, or that make them feel uncomfortable.

All email, network, and Internet activity is the responsibility of the individual whose account is logged in to the computer at the time of the activity. If your account is logged on you are responsible. Keep your password a secret.
